

Single Access Endoscopic Surgery (SAES)

Geneva International Course

PROGRAM

June 15th, 2010

Geneva University Hospital – Switzerland

*Course organisation:
Dr P Bucher, Dr F Pugin*

*Chairman:
Prof Ph Morel, Prof P Curcillo*

SSC-SGC credit: 10 CME points

Course supported by:

Overview, Objectives and Target Audience

The purpose of this scientific course is to provide extensive scientific experience in Single Access Endoscopic Surgery (SAES).

This course will include *recorded live surgeries*, and *scientific session*. Single Access Endoscopic Surgery application and data from key opinion leader will be discussed with *international faculty*.

Recorded live surgeries will demonstrate all aspects of specific surgical procedures.

Course faculty will demonstrate patient and operative room set-up, ports, and instrument use, surgical technique, as well as Tips & Tricks. Extensive demonstration of available instrumentation from various companies will be discussed with experts.

Course participants will (should!) be able to improve their performance, or start SAES clinical programs, when leaving the course.

Course is credited 10 CME points from SSC.
